

INVITATION

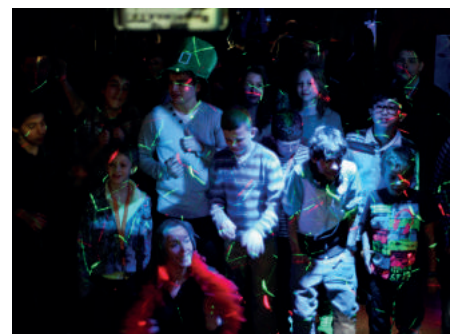

TACKERS (Transplant Adventure Camps for Kids)
International Camp for Transplant Kids

10-17 March 2019
Anzère, Switzerland

We will be organizing our eighteenth ski camp for young recipients from around the world, from 10-17 March 2019 in Anzère, Valais, Switzerland.

You don't have to be an experienced skier most children are absolute beginners, just come for the fun and to try new activities !

Every day will begin with ski/snowboard lessons, designed for your level. In the afternoon you can take part in a variety of activities which generally include such activities as workshops, tobogganing, paragliding, arts and crafts, dog-sleighing and promenades with snowshoes and other surprises. As the sun sets on the Swiss Alps, we will have fun with lively theme evenings, discos and karaoke. The week will end with the TACKERS race where you don't have to be the fastest or the best, even the skier or snowboarder that comes down on their bottom wins a medal.

Camp is open to young transplant recipients aged from 6-14 years old who will stay in the Chalet Wildhorn, looked after by experienced volunteers and a specialised nursing team and transplant doctor 24/7.

There is a registration fee of 300 Swiss Francs to help us cover costs as accommodation, meals, ski passes, ski lessons, airport transfers to and from Geneva airport and all other leisure activities for all, are subsidised by TACKERS thanks to our sponsors and supporters.

**We only have 25 places
so please reserve early !**

**We also supply ski jackets and trousers
and ski/ snowboard equipment.**

We know that camp is during school time but it is impossible for us to organize a week when everyone is on school holidays. We can supply you with a letter for your school and daily supervised study time can be organized where necessary. If you wish to be accompanied by a parent or a guardian there are hotels, flats and studios nearby.

For details go to: www.tackers.org. If you have any questions just call Liz Schick on +41 79 239 9047 or e-mail us on info@tackers.org
